

AIR QUALITY PERMIT NOTICE

PERMIT ISSUANCE TO A MAJOR SOURCE SUBJECT TO PREVENTION OF SIGNIFICANT DETERIORATION (PSD)

North American Stainless
EIS Plant I.D. # 079-0580-0034
AFS Plant I.D. # 021-041-00034
Application Log #G020

North American Stainless located on 6870 Highway 42 East, Ghent, Kentucky has applied to the Kentucky Division for Air Quality for a permit to construct and operate a stainless steel melt shop to be located at 6870 Highway 42 East, Ghent, Kentucky.

Since the Division concluded that the proposed construction would comply with all air quality requirements, a preliminary determination to issue a revised Title V permit was made, and a public notice of that preliminary determination was advertised in this newspaper on November 17, 1999.

The notice informed the public of the locations where the preliminary determination could be inspected and advised the public that written comments received during the comment period described by the notice would be considered in the Division's final determination to grant or deny a permit to construct. Additionally, since the application was subject to regulations for the Prevention of Significant Deterioration (PSD) of Air Quality, the published notice also invited requests for a public hearing.

The Division has now concluded its consideration of written comments received and has made a final determination to grant a revised Title V permit. This final determination is available for public inspection for 30 days following the date of this notice at the following locations:

Division for Air Quality, 803 Schenkel Lane, Frankfort, KY

Division for Air Quality Florence Regional Office, 8020 Ewing Boulevard, Suite 110, Florence, KY

and the Carroll County Clerks office, 440 Main Street, Carrollton, KY

The Commonwealth of Ky. does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services and provides, upon request, reasonable accommodation including auxiliary aides and services necessary to afford individuals an equal opportunity to participate in all programs and activities. Materials will be provided in alternate format upon request.
